

Champion Provides Update on Mamba Minerals' Progress With Key Conditions to the Business Combination

TORONTO, ONTARIO—(Marketwired – Feb. 28, 2014) – Champion Iron Limited (TSX:CHM) (FRANKFURT:P02) (“Champion” or the “Company”) is pleased to provide an update in connection with progress made by Mamba Minerals Limited (ASX:MAB) (“Mamba”) with some of the key conditions to the business combination with Champion, as detailed in the announcements by the two companies on December 5, 2013.

Mamba reported earlier today that it has received firm acceptances for A\$10 million at A\$0.50 per share via a private placement (the “Placement”) to selected institutional and sophisticated investors through Blackswan Equities Ltd and Capital Investment Partners Pty Ltd. Mamba indicated that funds were to be held in trust until completion of the business combination with Champion. Completion of the Placement is a key condition of the pending transaction with Champion.

Another condition requires that certain Mamba shares designated as “performance shares” be consolidated and converted to ordinary shares of Mamba at a ratio of 10 for 1. Mamba reported that all the performance shareholders have provided written acceptance to the consolidation and conversion.

Both the Placement and the conversion of the performance shares are subject to Mamba shareholder approval at a meeting of the Mamba shareholders to be held on the March 20, 2014.

Champion securityholders will vote on the plan of arrangement on March 27, 2014 with the closing of the business combination expected on March 31, 2014, shortly after receipt of all securityholder and court approvals (see Champion’s press release dated February 7, 2014).

Commenting on the Mamba announcement, Champion’s President and CEO, Thomas Larsen, said “Champion is very pleased with the timely progress Mamba has reported, particularly with the pending completion of the A\$10 million financing. With the satisfaction of these conditions we are well on our way towards successfully combining the two companies, after which we can focus our collective energies on advancing the new iron ore company to be named “Champion Iron Limited” and its significant holding in one of the world’s leading iron ore regions.”
