Shareholders at the Meeting also approved the re-appointment of Champion’s auditors and the adoption of New General By-Law No. 1.

ABOUT CHAMPION IRON LIMITED

Champion is an iron exploration and development company with offices in Montreal and Toronto, and is focused on developing its significant iron resources in the provinces of Québec and Newfoundland & Labrador. Champion holds a 100% interest in the Fermont Iron Holdings located in Quebec and a 44% interest in the Attikamagen Iron Project located in both Québec and Labrador. The Attikamagen Project is under option to Labec Century Iron Ore Inc. (“Labec”), a subsidiary of Century Iron Mines Corporation, under which Labec can earn up to a 60% interest. Labec has requested a transfer of a further 4% to increase Labec’s holding to 60% under its option agreement with Champion and to further increase Labec’s interest and dilute Champion’s interest pursuant to ongoing exploration programs. Champion is undertaking its due diligence investigations with respect to the requests.

Champion’s Fermont Iron Holdings, including its flagship Consolidated Fire Lake North Project, are located in Canada’s major iron ore producing district, in close proximity to five producing iron mines, existing transportation and power infrastructure. Consolidated Fire Lake North is located immediately north of Arcelor Mittal’s operating Fire Lake Mine and 60 km south of Cliffs Natural Resources Inc.’s Bloom Lake Mine in northeastern Québec. Champion’s management and advisory board includes mining and exploration professionals with the mine development and operations experience to build, commission, and operate the future Consolidated Fire Lake North mine.
